

UNIQUE GROUP

YOUR ONE-STOP MARINE &
INDUSTRIAL ENGINEERING
PARTNER

www.uniquegroup.sg

About Us.

Unique Group, a Singapore-based company, specializes in ship repairs and marine engineering services. With a skilled workforce of over 120, we have established a strong reputation since our incorporation in 2007. Our commitment to delivering reliable and cost-effective solutions with safety has earned us the trust of business partner, ship owners, operators, and industrial clients worldwide.

Our expertise in ship repairs spans across:

- Electrical, mechanical, and piping works
- Electrical Automation – Controls, integration, and maintenance
- Fiber Optics – Advanced cabling and communication systems
- Piping Fabrication & Installation – High-quality fabrication for marine and industrial applications
- Manufacturing of Cable Ladders – Durable, custom-engineered ladder systems
- Procurement of Spares – Sourcing and supply of essential marine and industrial components

Our Group of Companies:

- Unique Electricals Pte Ltd – Marine repair services
- Pacific Ocean Technologies Pte Ltd – Marine repair services
- Sevenhills Marine Pte Ltd – Marine repair services
- Raul Engineering Pte Ltd – Construction-based company
- VK Solution Pte Ltd – Process plant-based company
- PT Unique Technologies, Indonesia – Regional expansion of marine repair services in Indonesia

Vision

To be a globally recognized partner in ship repairs and marine solutions, delivering excellence through innovation, safety, and sustainability.

Mission

- To provide end-to-end repair and engineering solutions that meet international marine standards.
- To ensure timely, safe, and cost-effective project execution.
- To invest in skilled manpower, technology, and continuous innovation.
- To build long-term partnerships with clients based on trust, performance, and reliability.

Core Values

- Safety First – Prioritizing safety in all our operations.
- Customer Focus – Delivering tailored solutions and lasting value.
- Innovation – Embracing technology to improve efficiency and quality.
- Integrity – Upholding honesty and transparency in every engagement.
- Excellence – Committed to the highest standards of workmanship and service.

Services & Expertise

ELECTRICAL

- Motor Overhauling Services
- Alternator Overhauling & Chemical Cleaning
- Electrical Installations & Commissioning
- Switchboard Cleaning
- Megger Testing
- Cover Rebushing
- Underwater Renewal Works (ICCP, MGPS Anodes, Echo Sounder, Speed Log etc.)
- Navigation Equipment Installations (Radar, ECDIS, VSAT, Antenna, GPS etc.)
- Induction Heating Services

MECHANICAL

- Dynamic Balancing (Up to 1.5 Ton Capacity)
- Laser Alignment
- Machining Works
- Dial Gauge Alignment
- Pump Overhauling
- Hydraulic Cylinder Overhauling

PIPING

- Piping Fabrication & Installation Works

MANPOWER SUPPLY SERVICES

- Skilled Workforce for Marine/Offshore Projects (Electricians, Welders, Fitters, Helpers)
- Structural & Insulation Teams
- Carpentry & Insulation Installation Teams

EQUIPMENT RENTALS

- Wide Range of Marine & Offshore Equipment Available on Rental Basis

CABLE LADDER MANUFACTURING & SUPPLY

- Custom Fabrication & Supply of Stainless Steel and Hot-Dipped Galvanized Cable Ladders

PROCUREMENT OF SPARES

- Supply & Procurement of Any Kind of Spares for Marine and Offshore Applications

WorkShop Facillities

- Key Facilities:
 - 4,000 sq ft workshop
 - CNC Laser Cutting Machine
 - Baking oven, lathe machine
 - Washing area & overhead crane 3Ton Capacity
 - Dynamic balancing machine (up to 1.5 Ton)
 - Hydraulic power pack, fork lift
 - Automation Workshop piping fabrication area.
 - Motor/alternator overhauling area
 - Motor testing area with equipments

Instrumentation & Automation

What we do

- Electrical system design: Control panel design and retrofit, load analysis, protections, schematics
- MV/LV installations: switchgear, MCCs, panels
- PLC/VFD/HMI/SCADA integration
- Instrumentation supply & calibration
- Energy-efficiency upgrades, fault resolution
- Documentation services and training delivery

Why it matters

- Compliance-ready, future-proof systems
- Accelerated commissioning with reduced handover friction
- Lower total cost of ownership and maintenance

Deliverables

- Wiring diagrams, I/O lists
 - FAT/SAT logs & commissioning reports
- Operations manuals + training schedules
